Please answer the following:

What did you like and dislike about section or lab?

I think there was always good discussion + reflection on material in class.

Did the TA help you in any particular way during the semester (with papers/assignments/exam prep etc)? If so, how?

Yes, he helped me with an assignment by understanding my circumstances and allowing me to meet with him later to turn it in.

What are the TA's strengths? In what ways do you feel the TA needs improvement?

He speaks well to the class.

What suggestions would you make to the TA for future teaching?

What did you like and dislike about section or lab?

The section provided a more detailed explanation of the topic.

Did the TA help you in any particular way during the semester (with papers/assignments/exam prep etc)? If so, how?

Gave me advice on writing a paper and helped me look at the topic from a different point of view.

What are the TA's strengths? In what ways do you feel the TA needs improvement?

The TA showed a detailed knowledge of topic at hand.

What suggestions would you make to the TA for future teaching?

Create more questions that create discussion.

What did you like and dislike about section or lab?

Liked most of everything about it. Didn't really dislike anything in particular

Did the TA help you in any particular way during the semester (with papers/assignments/exam prep etc)? If so, how?

He helped me review privately for the midterm off of office hours. I believe my exam score was boosted due to our meeting and further explanation of concepts

What are the TA's strengths? In what ways do you feel the TA needs improvement?

He is very passionate about his teachings and teaches only necessary and relevant things. Did not see room for improvement

What suggestions would you make to the TA for future teaching?

Thought there is little to no room for improvement
